

Harmony ~ Parent and Child

Duration: 16 hours over 8 sessions

Age group: 11+

Based on HARMONY 1 - Adapted to suit a parent and child experience. This is a great way for younger (recommended age 11+) people to start off being introduced to horses.

The course includes 16 hours of teaching time (theory as well as practical) and is offered in 2 hourly blocks spread over 8 sessions. Mutually agreeable dates are set out at the start.

Imagine we all would have been able to start off with a course in horse behaviour and learning how to approach horses. So we would have already built a strong bond with them, before we ask them to join in, with whatever it is we chose to do with them!

Such important, enjoyable and revealing lessons learnt early in life really set young people up for success in the years to come. This is one of the best things you can do for your 'horsey' child, even if you are not overly 'horsey' yourself! Foster their love, understanding and interest in horses in a way they can relate. See them do well as they embrace life and build positive relationships along the way with horses and humans alike. You will be positively surprised how much you get out of this learning yourself!

A truly wonderful experience for a parent looking to deepen the bond with their child.

Testimonial:

"My daughter and I enjoyed your course hugely. Your horses and ponies are wonderful and have helped me with my confidence with horses and Madeleine with her knowledge. She has spoken to her friends about the course in a very positive manner, so she has obviously really enjoyed it."
